

**REMARKS/ARGUMENTS**

This Amendment is in response to the Notice of Non-Compliant Amendment mailed February 15, 2006. In the Office Action, claims 55-90 stand rejected under the judicially created doctrine of the obviousness-type double patenting.

Further, Applicant has presented amended claims that Applicant respectfully submits are patentable over the prior art of record.

***Double Patenting***

Claims 55-90 stand rejected under the judicially created doctrine of the obviousness-type double patenting as being allegedly unpatentable over claims 1-10, 12-21, and 23-32 of U.S. Patent No. 6,740,803.

Applicant submits a terminal disclaimer herewith to obviate the obviousness-type double patenting rejection. Applicant respectfully requests that the Examiner withdraw the obviousness-type double patenting rejection of claims 55-90.

***Amended Claims***

Applicant has presented amended claims 55-90 that Applicant respectfully submits are patentable over the prior art of record.

Applicant respectfully requests that the Examiner allow claims 55-90 and move this case to issuance.

***Conclusion***

In view of the remarks made above, it is respectfully submitted that pending claims 55-90 define the subject invention over the prior art of record. Thus, Applicant respectfully submits that all the pending claims are in condition for allowance, and such action is earnestly solicited at the earliest possible date. The Examiner is respectfully requested to contact the undersigned by telephone if it is believed that such contact would further the examination of the present application. To the extent necessary, a petition for an extension of time under 37 C.F.R. is hereby made. Please charge any shortage in fees in connection with the filing of this paper, including extension of time fees, to Deposit Account 02-2666 and please credit any excess fees to such account.

Respectfully submitted,
